

Jorge Moreno

Highly motivated Software Developer with a M.Sc. in Finance and Economics. My passion for code started at University with the statistical software that we used to recreate econometric models, which later led to JavaScript and Web-development. Besides the basics of programming languages and web development, I have mainly focused on how to work with Node.js, Express and React.

TECHNICAL SKILLS

General

JavaScript

Backend

Node.js/Express

REST

HTTP/JSON/AJAX

MongoDB/Mongoose

PostgreSQL/MySQL/Sequelize

Frontend

React

React Native

Redux

HTML

jQuery/Bootstrap

CSS/SASS/Styled-components

Tools and technologies

Visual Studio Code

Handlebars/Pug/EJS

Socket.io

Mocha/Jest

Docker

Git

TDD

Agile work methods
